Dear Boater,

Beginning June 12, 2014, marina operators must collect the following, in accordance with, Chapter 195, Laws of 2014, Second Substitute House Bill (SSHB) 2457. This is a state requirement and any vessel that does not complete and furnish the proper information may be subject to further investigation by the Department of Ecology, Department of Licensing and the Department of Revenue.

Moorage Providers Must Obtain Vessel Information

Effective June 12, 2014, a moorage provider that provides long-term moorage (more than 30 days, including continuing month-to-month moorage agreements) must obtain the following information and documentation from persons entering into or renewing long-term moorage agreements:

- A. The name and legal owner of the vessel
- B. A local contact person and that person's address and telephone number, if different than the owner;
- C. The owner's address and telephone number;
- D. The vessel's hull identification number;
- E. If applicable, the vessel's coast guard registration;
- F. The vessel's homeport;
- G. The date on which the moorage began;
- H. The vessel's country or state of registration and registration number; and
- I. Proof of vessels registration, a written statement of the moorage lessee's intent to register the vessel, or the exemption affidavit certifying that the vessel is exempt from state registration requirements.

Furthermore, marina operators must provide you with a notice of Vessel Registration and Tax Requirements, which we have included in this mailing.

For long-term moorage agreements entered into or renewed on or after July 1, 2014 for vessels not registered (under chapter 88.02) in this state, moorage providers must include with the agreement the notice of vessel registrations, which explains requirements for the following:

We apologize for this inconvenience and appreciate your cooperation regarding these new regulations. Please fill out the attached reporting form and return it to the marina at your earliest convenience. If you have questions or concerns please contact the marina office.

STATE OF WASHINGTON

Vessel Registration, Tax and Fee Requirements

For long-term moorage agreements entered into effective on or after July 1, 2014, long-term moorage providers must provide information about Washington State's tax and vessel registration and listing requirements to all tenants whose vessels are not registered with the Department of Licensing or listed with the Department of Revenue. This requirement is provided under Second Substitute House Bill (SSHB) 2457 (Chapter 195, Laws of 2014).

Vessel Registration Requirements

Persons who use vessels on Washington waters must annually register with the Department of Licensing, unless the vessel is exempt from registration requirements. The following taxes and fees are due upon registration:

- Registration fee;
- Watercraft excise tax equal to one-half of one percent of value;
- Use tax, unless the retail sales tax or use tax was previously paid or the vessel is otherwise exempt from sales or use tax;
- Derelict vessel and invasive species fees;
- Derelict vessel removal surcharge; and
- License and filing fees.

Vessels that are exempt from registration include vessels that are:

- Used for commercial purposes and listed with the Department of Revenue for property tax purposes;
- Owned by a nonresident person and located in this state exclusively for repairs, alteration, or reconstruction, or testing related to such services, provided the owner/operator files a Non-Resident Vessel Repair Affidavit with the Department of Revenue every sixty days that the vessel is in repair status;
- Used temporarily in this state by a nonresident person when such use does not exceed 60 days;
- Used temporarily in this state by a nonresident individual when the individual obtains:
 - A one-year vessel use permit for vessels 30 feet or longer obtained under RCW 82.08.700 or 82.12.700; or
 - A nonresident vessel permit under RCW 88.02.620 and use in this state does not exceed six months during any continuous 12-month period;

Registered or numbered under the laws of a foreign country or has been issued a valid United States customs service cruising license under 19 C.F.R. Sec. 4.94 and a vessel visitor permit under RCW 88.02.610 is obtained on or before the 61st day in this state. After 60 days, such vessels are, however, subject to use tax as measured by the value of the vessel.

Commercial Vessel Listing Requirements

Commercial vessels are generally exempt from the requirement to register with the Department of Licensing. Owners and/or operators of commercial vessels must, however, list such vessels with the Department of Revenue for purposes of the commercial vessel tax.

The commercial vessel tax is a property tax and is equal to the state levy rate. The annual tax is due April 30. Beginning with 2015, the Department of Revenue will bill for the commercial vessel derelict vessel removal fee of \$1 per foot when it bills for the commercial vessel tax.
